QA1 Precision Products MCFL14 Bearings Spherical Rod Ends

MCFL14 Bearing 2D drawings and 3D CAD models

Bearing No. MCFL14

d	14 mm
ball material:	52100 BEARING STEEL HEAT TREATED CHROME PLATE
misalignment angle:	21 °
radial static load capacity:	35,214 N
shank thread length:	27 mm
lubrication:	Unlubricated
rod end type:	Female Threaded
head diameter:	34.75 mm
shank thread size:	M14 x 2.0
head width:	12.25 mm
thread direction:	Left Hand
ball width:	19 mm
grade:	Commercial/Industrial
length to ball center:	57 mm
lubrication type:	No Fitting
series:	MC
housing material:	Carbon Steel - corrosion resistant plating
